RES 2025-097 General Plan Rumrill CC Adoption 070725.reduced.pdf; AB 2140 fact sheet_2024 update.pdf;

Good Morning Mr. Dempsey,

Thank you for providing the link to your updated Safety Element and the General Plan resolution. After review, the Safety Element meets the requirements of having language that refers to and a link that points to the most recent LHMP update. However, one requirement that is still outstanding is a resolution that has language specific to adopting the updated LHMP into the safety element (please see the attached fact sheet).

Please let me know if you would like to see an example of what we are looking for in terms of a resolution or if you have any questions.

Best,
Miranda

This message came from outside your organization.

To whom it may concern,

The City of San Pablo has recently updated its General Plan. As part of this update, the City's adopted Local Hazard Mitigation Plan has been integrated into the Safety Element of the General Plan. The Safety Element can be found on the General Plan webpage: [General Plan | San Pablo, CA - Official Website](#)
The Local Hazard Mitigation Plan is linked in the Resources section of the Safety Element, on page 9-42 of the General Plan.

I have also attached the resolution of the San Pablo City Council adopting the General Plan 2035, including the updated Safety Element, on July 7, 2025.

We look forward to your confirmation of San Pablo's compliance with AB 2140.

Best regards,

Griffen Dempsey
