

K-9 Unit SUVs

Estimate of Cost

Date: 6/1/2017

Quantity	Description	Unit Price	Total
3 (4)	K9 Containment Area/Temp. and Door Pop Unit	\$3,467.16	\$10,401.48 (\$13,868.64)
3 (4)	Air Condition Hoses	\$73.99	\$221.97 (\$295.96)
3 (4)	Rifle/Shotgun Mounts	\$964.99	\$2,894.97 (3,859.96)
		Subtotal	\$13,518.42 (\$18,024.56)
		Sales Tax	\$1,360.00 (\$1,810.00)
		Shipping and Handling	Free
		Estimated Cost Per K9 Vehicle	\$4,959.47

(The above costs are estimates on industry standard applications, research, and fair market value at the time of the quote. Prices, product type, and specific equipment are variable and in some cases subject to negotiation which could significantly lower the cost of any or all of the listed items.)

Officers within the San Pablo Police Department K-9 Unit have agreed on the above listed items. The K9 containment area includes a temperature monitoring system and a door "pop" mechanism as well. Bundling these items saves a significant amount of money.

Additionally, air conditioning hoses would save a considerable amount of money as opposed to rear seating installed fans.

Based on the K9 containment configuration, the rifle/shogun mount will be mounted in the rear overhead cargo area of the vehicle, allowing the firearms to be elevated and available for quick retrieval, when needed. Mounting the shotgun and rifle in the main driver's compartment would obstruct the K9 containment area, and possibly interfere with a handler retrieving his/her K9 partner. Attached are printed copies (highlighted for ease) of the above listed items.
