This Contra Costa Clean Water Program Inspection Activities Agreement ("Agreement"), is entered into by and among the Contra Costa County Flood Control and Water Conservation District ("District"), West County Wastewater District ("Inspection Agency"), and the City of San Pablo ("City") is made and effective as of July 1, 2026 ("Effective Date").

RECITALS

WHEREAS, the County of Contra Costa ("County"), the District, and the 19 incorporated cities and towns in the County have joined together to form the Contra Costa Clean Water Program (the "Program"), pursuant to the Contra Costa Clean Water Program Agreement (2026 - 2041), dated July 1, 2026 (the "Program Agreement"). The parties to the Program Agreement are the County, the District, and the cities of Antioch, Brentwood, Clayton, Concord, Danville, El Cerrito, Hercules, Lafayette, Martinez, Moraga, Oakley, Orinda, Pinole, Pittsburg, Pleasant Hill, Richmond, San Pablo, San Ramon and Walnut Creek (the "Program Members"); and

WHEREAS, through the Program, the Program Members jointly implement some of their obligations under the Municipal Regional Stormwater NPDES Permit, NPDES Permit No. CAS612008, as may be amended or re-issued from time to time ("Municipal Regional Permit"). The San Francisco Regional Water Quality Control Board ("Regional Board") most recently re-issued the Municipal Regional Permit on May 11, 2022.

WHEREAS, District provides administrative support services to the Program, including collecting and distributing funds that pay for Program responsibilities under the Municipal Regional Permit.

WHEREAS, among other things, the Municipal Regional Permit requires the Program Members to conduct inspections of certain industrial and commercial businesses as specified in Provision C.4. and illicit discharge control activities specified Provision C.5., as those provisions may be amended from time to time in the Municipal Regional Permit (collectively, "MS4 Inspections"). MS4 Inspections include, but are not limited, to all inspection, investigation, reporting, and related obligations under the Municipal Regional Permit and as further directed by District.

WHEREAS, the Municipal Regional Permit identifies long-term goals of: eliminating non-stormwater discharges into municipal storm drains and creeks; conducting stormwater inspections of industrial and commercial facilities; controlling illicit discharges by conducting field surveys of the storm drainage conveyance system and identifying and eliminating the sources of non-stormwater discharges; and eliminating illicit connections and discharges resulting from inappropriate or illegal processes, activities or housekeeping practices; and

WHEREAS, such goals are furthered by Inspection Agency carrying out MS4 Inspections on City's behalf; and

WHEREAS, in addition to performing inspections to fulfill City's obligations under the Municipal Regional Permit, Inspection Agency also conducts inspections of certain industrial and commercial businesses as part of its wastewater regulatory obligations ("Wastewater Inspections"); and

WHEREAS, District, Inspection Agency, and City believe that efficiencies can be achieved by having Inspection Agency conduct MS4 Inspections on behalf City concurrently with Inspection Agency's Wastewater Inspections, which benefit the parties and regulated businesses.

WHEREAS, District, Inspection Agency, and City, as well as the other Program Members and sanitation districts previously entered into a prior inspection agreement dated October 26, 2009; and

WHEREAS, Inspection Agency desires to provide MS4 Inspections on behalf of the City under the terms set forth herein.

In addition and notwithstanding the foregoing, this Agreement may also be terminated by mutual written agreement of the District, Inspection Agency, and City.

E. **Effect of Termination.** Upon the effective date of any termination of this Agreement, Inspection Agency shall cease performing MS4 Inspections. Provided Inspection Agency is not then in default, District shall compensate Inspection Agency for all services performed prior to such effective date in accordance with Section 8.

3. **Stormwater Utility Area Agreement.** City has executed a separate Stormwater Utility Area Agreement with the District that, among other things, provides for the invoicing from, and payment to, Inspection Agency for MS4 Inspection costs on behalf of City.

Such cooperation includes documentation of violations, preparation of documents for use in complaints and at hearings, and assistance in hearing preparation and presentation, including provision of testimony as requested. If Inspection Agency's performance of such enforcement services would result in an unreasonable expenditure of resources, then Inspection Agency shall notify City and District, and Inspection Agency's further involvement in such enforcement services shall be agreed upon by the parties.

F. At the Direction of City, Inspection Agency shall also refer Corrective Orders and related investigations and reports to appropriate enforcing entities, such as the District Attorney.
