SECTION 2. ENVIRONMENTAL REVIEW.

The purpose of the City's adoption of the 2025 California Building Code of Standards and 2024 International Property Maintenance Code is to provide updated minimum standards to safeguard life, limb, health, property, and public welfare for all types of construction. Adoption of these codes will not have the effect of deleting or substantially changing any regulatory standards or required findings, because it can be determined with certainty that the adoption of codes has no potential for causing a significant effect on the environment. The codes and amendments are therefore exempt from the provisions of the California Environmental Quality Act ("CEQA") pursuant to CEQA Guidelines section 15061(b)(3) (i.e., the "common sense" exemption). In addition, adoption of these codes is exempt from review under CEQA Guidelines section 15308 because the project is an action being taken by a regulatory agency where the process involves procedures for the protection of the environment and that does not have the potential to cause significant effects on the environment.

SECTION 3. SEVERABILITY.

If any sections, subsections, sentences, clauses, phrases, or portions of this Ordinance are for any reason held invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The City Council hereby declares that it would have passed this and each section, subsection, phrase or clause of this ordinance whether or not any one or more sections, subsections, phrases or clauses may be declared invalid or unconstitutional on their face or as applied.

SECTION 4. EFFECTIVE DATE; PUBLICATION.

This Ordinance shall become effective thirty (30) days following its adoption. The City Clerk's Office shall publish and post the Ordinance in accordance with California Government Code section 36933.
