CITY OF SAN PABLO NOTICE OF PUBLIC HEARING TUESDAY, July 23, 2024

NOTICE IS HEREBY GIVEN that the Planning Commission of the City of San Pablo, State of California, will hold a public hearing on the following items:

PLAN 2406-0002: City of San Pablo Municipal Code Amendment to consider amendments to Section 17.60.070 of Chapter 17.60 of the Zoning Code regarding Accessory Dwelling Units (ADUs) in order to reflect current state law regarding these uses and additional review comments provided by the California Department of Housing and Community Development. Proposed amendments pertain to the inclusion of Junior ADUs within any enclosed use of a single-family residence; the requirement for internal access to be provided when a Junior ADU shares sanitation facilities with the primary residence; the requirement for the denial of an application to describe any deficiencies and process for correction; clarification that expansion to accommodate ingress and egress shall be limited to accessory structures and not to the primary residences; clarification that Junior ADUs shall not be allowed as attachments to existing or proposed single-family dwellings, but only within the walls of an existing or proposed single-family residence; clarification that front yard setbacks for ADUs are only required to meet the requirements of the zoning district when doing so would not be prohibitive of the construction of an ADU at least 800 square feet in area with four-foot side and rear yards; clarification of height limits for detached ADUs; clarification that photovoltaic requirements shall not pertain to Junior ADUs or manufactured detached ADUs; clarification that the front yard setbacks for ADUs in multifamily developments are not applicable to the extent that they would prevent an ADU of at least 800 square feet from being constructed; allowance of parking exceptions when a permit for an ADU is filed alongside a permit for a new single-family or multi-family dwelling; removal of a 30-day rental requirement for Junior ADUs; clarification that failure to provide a deed restriction shall not be the basis to delay or deny an ADU application or permit; and revision to the application process for an ADU to remove any reference to a separate zoning review.

Additional minor revisions and amendments may be added during the course of the public review of the proposed amendments to assist in the clarity, consistency, and administration of the Zoning Ordinance. This is a City-initiated project and the proposed amendments apply citywide. The proposed amendment is statutorily exempt from the California Environmental Quality Act (CEQA) pursuant to Public Resources Code Section 21080.17, which exempts the adoption of accessory dwelling unit ordinances.

PLAN 2404-0023: Consideration of a Conditional Use Permit to allow for a mobile food vending use in a portion of a parcel at 1305 23rd Street, San Pablo, CA (APN 410-1036-001 and 410-103-002) in the Commercial Mixed Use (CMU) zoning district. The proposed mobile vending food truck would be located on the Southern portion of an existing parking lot using three existing parking spaces and an outdoor seating area would be located on the lawn space north of an existing church building. The Food Truck would be required to operate no longer than from 7 a.m. – 8 p.m., Monday through Sunday. It has been determined that the proposed project qualifies for a CEQA Exemption as an Accessory or Appurtenant Structure, consistent with the provisions of CEQA Guidelines Section 15311
