History of the Community Schools Initiative

On **November 21, 2011** the San Pablo City Council passed a resolution to develop a San Pablo Full-Service Community Schools (FSCS) initiative. Through the establishment of full-service community schools in San Pablo, the City created the conditions for Contra Costa County (CCC), West Contra Costa Unified School District (WCCUSD), community-based organizations, local businesses, families, and community leaders to form a **strong partnership** to address the needs of students and families.

Beacon Directors have **served as the liaisons** for the SPBSCI by...

Leading their school in successful school-wide support and partnerships

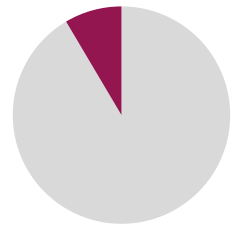

CARE REFERRALS

Crisis Assessment and Referral Evaluation (CARE) teams, with leadership from the school's Beacon Director, reviewed students' needs, referred them to appropriate services, and monitored their progress.

317

students referred

9% of the student population

YOUTH PROGRAMS

Beacon Directors supported group activities like sport teams, student clubs, and leadership to create a positive **school culture and climate**. They also infused health and wellness into school activities.

"I like that I get the opportunity to help other students."

"We get to be creative and try new things."

99%

of youth surveyed feel safe in their program

89%

of youth say they are better at setting goals

87%

of youth say they try harder in school
