Statement for Application for Councilmember  
Of Abdulfateh M. Dabwan

I, ABDUL M. DABWAN, make the following statement in support of my application for City Councilmember of the City of San Pablo, California, as follows:

I am a "family man"; someone who cares deeply about the well-being of my family. I live in the City and also care about the City and want to do the best I can for the City. Whether large or small, I want to promote business in our City that is good for our City. My kids are now adults, two are in college and one is in the process of starting his own small business.

I am a Successful business owner. I started with one business and now own three businesses (two gas stations and a corner store, all outside the City of San Pablo). I want to be fair to all the residents and, since my businesses are outside of the City, I have no conflicts that would interfere. I believe that local needs are best served without regard to political affiliation; I am not partisan in any way and would serve local needs accordingly. I believe that government service is the highest form of service to my community and therefore must served without regard to any political party's platform.

I want to help solve the problems faced by San Pablo, focusing primarily on the well-being of the City's youth. Programs that help them with school and achieving their goals in life are paramount. Anything that can add to the positive opportunities available to young people will help them avoid the negative opportunities that may lead to criminal convictions or worse. The youth is our future and, if we build on that foundation, we build a better city.
