**Subject:** Bench at Blume House

Per our conversation Audrey Lasson's family would like to donate a bench that would go around the cork tree in front of the Blume House. I spoke with Carol yesterday and she said it would take seven sections and most probably initially they would do only three sections so that we could see how it looked and allow the city to give final approval. Plans and information to follow.

**Subject:** Photo of finished bench

Hi Janet, here is a photo of the finished bench with three sides. I had my carpenter go ahead and make this part up so "if" it gets approved we have something for June 8th. If it dose not get approved I just bought myself a bench and that's ok too! I just didn't want to rush him into making something with just a few days notice, it may help to show them the finished product as well, fingers crossed, they approve but if not no worries! Thank you -Carol
