Subject: Comments for a council meeting not on the agenda

Hello – I know there are so many issues that need to be addressed and are being looked at in the city of San Pablo. Every day on my dog walks I take a large trash bag and fill it up easily within 20 minutes of all the litter in my immediate neighborhood. It's very sad that people not respect this neighborhood and feel like they can just dump trash out of their cars.. My other concern question is who is responsible for the sidewalk plant/grass maintenance? Is there any city service that cuts or weed whacks all of the weeds? They are very unsightly and everywhere.

They contribute to the devalued feeling in San Pablo neighborhoods.

Below is the photo of my daily trash pick up that took 20 minutes and the weed I am referring to. They propagate almost all San Pablo sidewalks

Thank you for reading my concern. Respectfully Kathy Kear

Please excuse any funny Siri errors. I am often on the go dictating.
