COMPLIANCE STATEMENTS

CEQA Compliance Statement

This is not a project subject to CEQA.

BACKGROUND

The public rightly expects their public officials to make decisions based on the best interests of the City and not their personal interests. To this end, California Government Code §87300 et seq., "The Political Reform Act," requires every public agency to adopt a Conflict of Interest Code. A Conflict of Interest Code designates the positions within an agency which make or participate in making governmental decisions that may foreseeably have a material effect on a personal financial interest (Appendix A to Attachment 1). These positions are required to disclose annually their financial interests pursuant to disclosure categories for investments, business positions, interests in real property and sources of income (Appendix B to Attachment 1).

Even if a public official or employee is not on the designated list attached with the Conflict of Interest Code, the individual is still prohibited from making governmental decisions in which the official has a financial interest.

Government Code §87306.5 requires that the City Council notify every local government agency, board and commission within its jurisdiction to review its Conflict of Interest Code and either amend the Code if necessary or submit a report by October 1, 2018, stating that no amendment is necessary. The Council must take this action every other year. Due to the City's Classification and Compensation Plan Amendment being in progress at the time this update was due, the Conflict of Interest Code update was postponed until such time that the Classification and Compensation Plan Amendment was completed and approved by the City Council. By Resolutions 2019-021 and 2019-026, the City Council of the City of San Pablo approved the Amendment to the City's Classification and Compensation Plan.
