PREPARED BY: SARAH KOLARIK

DATE OF MEETING: 04/01/19

SUBJECT:

PRESENTATION ON THE "GREEN HOUSE CALLS" CONDUCTED IN SAN PABLO DURING SUMMER 2018 AND PLANNED FOR SUMMER 2019 BY RISING SUN CENTER FOR OPPORTUNITY

CITY MANAGER RECOMMENDATION

For informational purposes only

COMPLIANCE STATEMENTS

Enhance Community Resilience - Priority Item 202. Develop Long-Term Environmental Stewardship Goals is an adopted policy item under the FY 2019-21 Council Priority Workplan, effective March 1, 2019.

CEQA Compliance Statement

This update is not a project and is for informational purpose only; therefore, it does not require CEQA clearance.

BACKGROUND

Rising Sun Center for Opportunity-formerly known as the Rising Sun Energy Center-is a non-profit organization that advances green job training, youth and adult employment, and residential building efficiency. This presentation will discuss the Rising Sun Center for Opportunity's "Climate Careers" Program-formerly known as the "California Youth Energy Services" (CYES) program-which hires and trains local youth to provide Green House Calls, and the results of the Green House Calls that were provided to San Pablo residents during the summer of 2018. Additionally, the presentation will outline the planned Green House Calls to be provided during summer of 2019.

Green House Calls are a no-cost service available to Bay Area residents through funding from the Bay Area Regional Energy Network (BayREN). At a Green House Call, residents will receive an energy and water audit of their home with the installation of free energy and water-saving gifts, including LED light bulbs, efficient showerheads, smart power strips and more.

FISCAL IMPACT

This is an informational item only; therefore, the only fiscal impact is staff time to write and coordinate the presentation from the Rising Sun Center for Opportunity.
