COMPLIANCE STATEMENTS

Enhance Community Resilience (City Council) is a Top City Council Priority item under the adopted FY 2019-21 City Council Priority Workplan, effective March 1, 2019.

CEQA Compliance Statement

This is not a project as defined by CEQA.

BACKGROUND

Best Management Practices (BMP's) established by the Government Finance Officers Association (GFOA) urge local governments to fulfill their financial reporting responsibilities by providing timely financial statements regarding the entire financial reporting entity. This 3rd quarter budget report, therefore, is provided to the City Council to support meeting the City's fiduciary responsibilities to the residents of San Pablo.

This report uses unaudited figures and is for budgetary control purposes only for the fiscal year ending June 30, 2019. The final year-end audited fund balance will be contained in the Comprehensive Annual Financial Report (CAFR) and is generally presented to City Council in January, seven months after the end of the fiscal year.

4th Quarter Revenues

With the entire fiscal year behind us, the City is in excellent fiscal shape, having collected \$57.4 million of its \$47.6 million amended revenue budget. Casino Revenue, comprised of both Casino business tax and the Payment In-Lieu of Tax (PILOT), made up 51% of all budgeted revenues, and was the City's largest revenue source at \$29.2 million (124% collected). At \$7.0 million, Grants comprised the second largest source of revenue for the City at 12%. Intergovernmental Revenue (e.g. Gas Tax, Property Tax in Lieu of VLF, Measure C, etc.), ranked third in terms of actual revenues collected, totaling \$4.4 million or 8% of all revenues. With \$3.5 million collected of the \$3.9 million budget, sales tax, which lags behind a couple of months, is expected to end the year very close to budget. Property Tax also ended the year on a high note, with \$2.8 million collected, more than \$500,000 over last year's amount. The City's two remaining largest revenue sources, Use of Property and Money and Utility Users Tax (UUT), will both end the year over or at the budgeted amounts with \$2.7 million collected (218%) and \$2.4 million collected (100%).

4th Quarter Expenditures

At the end of the fourth fiscal quarter, the City’s operating expenditure budget finished the year under budget. With an adjusted budget of \$49.0 million, a total of \$42.6 million was spent, leaving 13% unspent. Of the unspent amount, however, an additional \$5.5 million was encumbered for future FY 2018/19 obligations, leaving approximately \$0.9 million uncommitted.

At \$19.4 million, 46% of the City’s overall expenditures went to Police Department operations. Police ended the year \$474,715 over budget (-2.5%). An overage of \$446,452 occurred in the labor budget because police officer vacancies were filled much sooner than anticipated and with more-expensive lateral recruits. Additionally, a FY 2017/18 purchase of a \$225,000 Axon camera system was not processed timely and hit the FY 2018/19 budget instead. At \$7.0 million, Administrative Services comprises the next largest expenditure amount (17% of the whole), and includes \$5.3 million for Multi-Departmental from which the PERS smoothing payment was made (\$2.1 million), debt service on the 2015 and 2018 bonds for the Library and new City Hall (\$1.5 million total), City insurances with MPA (\$760,000), and utilities, gasoline, etc. The City Manager’s Office expenditures total \$5.7 million (13.5% of total), and include budgets for the City Manager, City Council, and Economic Development Divisions. In the City Council budget, a large budget adjustment of \$4.5 million for Fire Station #70

remained unspent and will carry over to next fiscal year.

Public Works ended the year 16% under their \$5.3 million budget with surpluses ranging from 5.8% to 19.4% in each division. Community Services (CS) spent nearly all of their \$4.1 million budget and finished the year with \$14,197 left (0.3%). Discrepancies in the labor budget caused two CS divisions to go over, but that shortage was offset by extra budget in the two other divisions allowing the Department to remain under as a whole. Community & Economic Development spent \$1.4 million of their \$1.6 million budget, finishing the year 8% under budget, while the City Attorney spent \$474,175 of their \$545,559 adjusted budget, finishing the year 13% under.

FISCAL IMPACT

The Fiscal Year 2018/19 budget is in good shape. Year-to-date revenue collections of \$57.4 million exceeded budgeted amounts by \$9.8 million. On the expenditure side, the City ended the year \$6.4 million under its adjusted year-end budget of \$49.0 million. However, of the unspent amount, an additional \$5.5 million was encumbered for future FY 2018/19 obligations, leaving approximately \$0.9 million uncommitted.

This report describes the unaudited budget status of the City through the end of the 2018/19 fiscal year and has no direct fiscal impact. Actual audited figures will be released in January 2020 with the publication of the 2018/19 Comprehensive Annual Financial Report (CAFR).
